

*Welcome* to Chez Amis - a home away from home for our guests to enjoy. We've frequently holidayed in north Wales, sat round the fire with wine and cards. So we set out to bring the cosy Welsh cottage feel to our chalet in France where we've also found alpine mountains, an abundance of activities and the addition of convenience. Combine these qualities with style and voila!- Chez Amis.

It's a simple idea, envisaged by three friends, of creating a place which we can share with friends, families, couples or solitude-seekers so they can enjoy a meal, a walk, a laugh on skis or a swim in the lake. We invite you to go and discover what has captured us about the mountains and villages and to experience the peace and restoration that Chez Amis has to offer.
